Description

Forrest is a Hampshire/Suffolk Cross lamb that has been kept at Kinder Farm Park. He is extremely friendly and likes to steal all of the attention. He started out kind of small but has really grown into his structure. At the time of auction he will be about 7 months old and has been fed 18% medicated lamb feed, hay, and access to the field. Thank you to Giant for purchasing my market lamb project last year.

Quantity: 140
