### **Description**

Meet my Bronze breasted turkey, Potato Chip. I purchased him in April. When the turkeys arrived, they were very tiny and fragile. Now they are so big and strong. Potato chip is very skittish but easy enough for me to catch. I try to spend as much time as I can with Potato chip. She now loves to be pet on the head. Potato chip is so big that I cannot carry him. In the past my turkeys were small enough that I could carry them. I am excited that I have such a big turkey this year and it will provide a lot more meat.
