Description

My names Preston Berken and I'm a senior in high school. This is my 4th year in ag but my 1st year showing. This show season was good for me until I had to have surgery on my knee. This cow has come so far since the beginning and I'm going to be sad but happy at the same time. This cow came from Utopia Ranch in Beaumont Tx ran by Mark Lively. He comes from the old bull named Smoking Bob. He weighs around 1300 lbs and is about 1 1/2 years old. He was born in September of 2021. All the money goes towards my college funds for next year. Thanks to everyone in advanced!!
