Description

About my goat: this goat has won multiple class winners at prospect shows around the area. He was really hard to halter break but once we got over that hurdle, he has really left a mark in the ring. He puckers his lips and gives kisses too!!

About me: I am a junior at Barbers Hill high school and started out showing swine 2 years ago. I currently show goats, lambs, swine as well as chickens and all money raised will be used for my next projects and prepare for majors my senior year.

Quantity: 1
