**First Name** Brennan

**Last Name** Nunan

**FFA Chapter or 4H Club Name** Hardin FFA

**County** Liberty

**City** Hardin

**Date of Reported Weight** 03/25/2023

### **Description**

Hello, my name is Brennan Nunan and I'm an 8th-grade student at Hardin Junior High. I started showing Market Rabbits in 2018 and soon after started showing cattle as well. I breed and raise my own market does and bucks for show and have a lot of success with that. I like that I get to pick what doe would go best with our bucks to make the best Meat pen. All the "Kits" babies are born in, and raised in our barn and it's a really great feeling knowing my own stock is doing great things. I love getting to see the "kits" being born where they come out pink with no fur and just a day or two later their fur, you'd be surprised how fast they grow!! Everyone thinks that showing rabbits is easy well let me tell you that it isn't. The last 2 weeks before the show can be the most stressful time. You have to weigh them almost every day to make sure that are gaining weight or make sure that they aren't overweight. Also, you have to make sure their coats are in good condition. I had the honor of winning 12th place with my Market Rabbit Meat Pen at the South Texas State Fair Saturday, March 25th.

Any and all support to the purchasing of my Meat Pen would be greatly appreciated. I have worked extremely hard on my projects throughout the school year while also

participating in extracurricular activities, traveling for weeks at a time showing my animals as well as keeping up my grades. I hope you'll place a bid or add on to my Market Rabbits, I've worked extra hard to make sure they are top quality.
