Description

My name is Braden Tappe and I am a junior at Vidor High School. I have been a member of the FFA organization for 3 years and have enjoyed the many opportunities the organization has to offer. My newest adventure/project is raising a meat pen of rabbits. The meat pen consist of 3 beautiful white Californian rabbits. I had no idea how much work goes into caring for these small little furry animals. My daily routine now consist of feeding them feed twice a day, adding additional supplements, brushing them, weighing them and working with them on their showmanship. Of course when I work with them on the proper way to sit during a show, they like to crawl under my arms and snuggle down which I don' really mind. This project is not what I expected and I enjoyed it a lot more then I ever thought I would.

I appreciate any help that you can give me by buying Alvin, Simon and Theodore. The money I raise from this project will help me pursue another project that I have been

working towards and saving money for. My dream is to buy a ram and show it during my senior year.

Thank you for your consideration of bidding on my project
