Description

This is my first year to show an animal and I chose to do broilers. Before we got the broilers I made sure I had a plan to take care of my birds. I would make sure that they had fresh water, food, clean bedding, and made sure they are at the right temperature. All the money I receive will going into savings for college. We started out with 25 bird and currently have 20 happy and healthy broilers. I worked with my ag teacher to cull out the smaller birds, and now we have a good set of birds for the show. Overall this experience has been really fun and I would love to do it again.
