Date of Reported Weight 12/28/2023

Description

Hello, my name is Rylie Duplantis. I'm currently a junior at Sandra Day O'Connor High School participating in the ASTA program. This will be my second year raising two lambs along with being part of the cheer team. This year has definitely challenged me with managing my time taking on the responsibility of lambs, school and cheer. Its hard work but in the end it will all pay off. It has always been my dream to become a big animal veterinarian. Through hard work and dedication I placed higher this year than the previous year. I'm incredibly proud of this accomplishment and grateful for the opportunity to show off our hard work. Any contributions from buyers will go towards my future schooling and obtaining my dream job. Thank you for time and support!
