LOT - Sofia Abello Bellaire FFA

First Name Sofia

Last Name Abello

FFA Chapter or 4H Club Name Bellaire FFA

County Harris

City Houston

Description

Hi! My name is Sofia Abello. Barbara is my pig. This is our very first FFA experience. This is also my first year at Bellaire High School.

Barbara was born in early September 2019. I received her on December 4th. She weighed around 60 lbs. Barb came to me vaccinated, and had already been started on Lindner's #648. Lindner's 648 meal is 20% protein, 7% fat, 1.3% lysine and medicated with Denagard (tiamulin hydrogen fumarate). Denagard reduces swine dysentery. As of Sunday, April 5th, 2020, Barbara weighs 285 lbs. She's currently eating Lindner's #672, 18% protein, 6% fat, 1.2% lysine and contains Bambermycins which induce anti-inflammatory effects.

I've enjoyed Barbara. Feeding her, cleaning her pen as much as one can for a pig, and bathing her as needed have all been interesting and fun responsibilities. Barb loves her

baths. Watching her run around is funny. Barb is sweet and docile; but, can push her weight around and me into the side of her pen. I've found that pigs are very smart, and each have personalities all their own. I'm going to miss Barb.

The funds that I receive from the sale of Barbara will go into my college savings account. I look forward to participating in Ag next year through Bellaire FFA. I thank my family, friends, and teachers for their encouragement and support.
