FFA Chapter or 4H Club Name James Madison FFA

County Bexar

Animal Weight (in Pounds) 1200

Date of Reported Weight 01/13/2024

City San Antonio

Description

Hi, my name is Bailey Gafke! I'm 12 years old, and this is my fourth year showing livestock.

This year I have a steer! His name is Bulpin, he is named after a graduate from last year who worked with me to show better and taught me how to be appealing in the ring. On 12/20 he weighed 1060. Bulpin is an ABC or American Bred Cross. Bulpin was born in February, and I got him early July. These last four years leading into these past couple months have been fantastic and so special for me. Starting in the agriculture industry at such a young age was a really big eye opener for me. I realized how privileged I am. I'm truly so grateful that my dream as a little kid has come to be reality. Me and Bulpin have been working super hard to get him showready. Bulpin eats 15 lb per feeding with the base feed of finisher and supplements including Barley,

Cotton seed, Sure champ, Ultra full, Wheat germ oil, Stand alone. At night, when Bulpin is done eating he gets goes out to the pasture to graze and eat grass and hay to help his weight gain. I'm really excited to see how he does at majors and I hope you can support me while I take on new livestock projects in upcoming years! Thank you, and have a great day.
