Description

Hi!! My name is Genesis Velasquez and I am a Junior at Bellaire HS. This is my first year in FFA and the first time raising chickens. I am also the Volunteer Coordinator for Bellaire LULAC. During the past couple of weeks, I have learned many valuable skills. Coming every day to check on my chickens and making sure they have a clean environment has taught me what it means to be dedicated and responsible. I am looking forward to next year's FFA show and I can't wait for my next project. I plan on attending UT at Austin to become a plastic surgeon. Any donations(add-ons) will be greatly appreciated and will go towards my college funding and my future projects. :)

-This bidding includes 3 broilers that are ready and healthy!
