Description

Hi, my name is Garrett Hermis. I am a Freshman at Cy Woods High School. I have really enjoyed my first year raising a project in FFA. My pig is a male Hampshire. He has been easy to work with since day one. He walks very well and loads on and off of a trailer with no issues. I track his feed and weight gain weekly. I have taken him to jackpot shows and small pig clinics to prepare us both for show. I like to spend hours at the barn just hanging out with him on the weekends. I will miss the time spent at the barn but look forward to raising again next year.
