City Cypress

Animal Weight (in Pounds) 81

Description

Thank you so much for supporting me and my experiences with the Woods FFA program. I've learned so much from all my projects. With each one I've acquired a strong work ethic, working with others, and for others. I have saved every penny from all of my projects in order to help my parents pay for college. Not only has each project taught me something, but each one will continue helping me chase my dreams. Again, thank you for your support.
