**EAR TAG#** 234

**County** Harris

**City** Houston

**Animal Weight (in Pounds)** 140

**Date of Reported Weight** 01/23/2024

**Description**

This was my first year raising an animal. I knew i wouldn't be easy but i never imaged how difficult it would be. Although it was a challenge I know that it has helped me grow as a person. With raising my lamb , Jameson, Ive had to take on more responsibility and start thinking what would be best for her. I also felt that building a bond with Jameson has help us work together. With are bond it has helped the learning process for both me and her easier. Although it was not over night and took many days to accomplish. But even though it was a challenge i would most certainly do it again. It is a great experience and brings a great sense of accomplishment.

**Quantity:** 1
