**Animal Weight (in Pounds)** 135

### **Description**

Hello! My name is Juanita Nunez. I have been in FFA for four years now, and I have also raised for three years. I have raised a goat and two lambs throughout my years of raising, and it has taught me a lot. I've learned many skills while raising livestock, such as responsibility, time commitment, and patience. The money I receive from my lamb will go towards my college funds, which I will be attending Stephen F. Austin State University and majoring in Agricultural Education.

**Quantity:** 1
