County Harris

City Cypress

Animal Weight (in Pounds) 127

Description

I have enjoyed my experience these last 4 months with my animal. I have learned responsibility and gained more knowledge on how to raise animals and FFA all around. I took care of my project every day and night while also raising another lamb for the Houston rodeo. It has been a successful 4 months and I could not be more thankful for the opportunity to show this lamb at prospect shows and working with my teachers. I have gained so many life long friends within my chapter and will continue to be grateful for my successes and opportunities.
