**County** Harris

**City** Houston

**Animal Weight (in Pounds)** 279

**Date of Reported Weight** 01/31/2024

**EAR TAG#** 412

### **Description**

My name is Benjamin Witten, I am a senior at Langham Creek High School. This was my first year in the FFA program and I am more than happy I chose to participate, I wish I would've had this opportunity sooner. I have learned a lot and gained experience I will never forget from raising this swine. I selected my swine at 90 lbs and very lean. Spending the first few weeks just sitting with her trying to get her to calm down and trust me begin by her side and brushing her. As well as how to walk and train a swine to listen and follow my lead well. I learned very valuable lessons on nutritional and cosmetic information regarding swine. From what to look for in the content of their feed and what supplements to get proper build, as well as feeding oats to enhance gut health. My swine is a 275 lb pink swine named Tina. I chose this name with inspiration from the movie Napoleon Dynamite. This experience of getting to raise an animal was one with amazing value and one I will remember forever.
