Description

Hello my name is Morgan McBride. This is my market swine, Rumor and she is weighing close to 275 pounds. She is a crossbred gilt purchased from HF Genetics out of Port Lavaca. She was raised on Linders Feed and Yaggie oats. Rumor is extremely tall but has a great deal of mass on her frame. I plan on using the sell of Rumor to buy another project for the Trinity Valley Exposition in October. Our barn is never empty and I would not trade that for the world!! Thank you for your time.
