Description

Hello my name is Madie McBride. This is my market goat Dumbo, as his ears are huge! Dumbo is weighing about 110 pounds and has great finish through out his body. As he has grown his muscle mass and grown tremendously. I have learned that with patience and persistence I can conquer anything I put my mind to. With the sell of Dumbo I plan on purchasing another project for the upcoming Trinity Valley Exposition in October. Thank you for your time.
