**Type of Sale** Premium - Exhibitor Keeps Project

### **Description**

Hi, my name is Aniston Mills and this is my pig Waylon. I'm 13 years old and this was my second show being a part of the Jr FFA however, it was my first market barrow. I want to start out by thanking all of the buyers who have taken the time to join our auctions in hopes to recoup some of our money after everything that has taken place over the last few days.

Since I was little and watched my first steer show I knew that I wanted to raise and show livestock. Not for the money it brings in but because I love to show. It breaks my heart that I will not be able to enjoy that part of this years event. Last year the MCF

was my very first show. It was with a steer. This year I wanted to try something new and I was certain that a pig couldn't be any harder than a steer. Boy was I wrong. I learned so much from Waylon, he not only had a "unique" personality but he was by far one off the pickiest eaters I've ever seen. He tested me every step of the way and I wouldn't change a minute of it.

I will certainly miss him when he goes but I also know that he has taught me to have the patience I will need with my next project. I plan to use the money from this sell towards next years projects where I will have not only a pig, but also a steer and a lamb. I plan to raise all three in hopes of learning more with each year. Thank you for taking the time to read this and please consider helping out or add ons.
