**LOT 10 - Brice Otto Barbers Hill FFA**

**First Name** Brice

**Last Name** Otto

**FFA Chapter or 4H Club Name** Barbers Hill FFA

**County** Chambers

**City** Mont Belvieu

## Description

My name is Brice Otto. I am a senior at Barbers Hill High School and I am asking each of your help by purchasing my pen of three broilers. These broilers will range in size from 6-7 pounds each and will each come fully processed and individually vacuum sealed. The proceeds of this auction will be used to assist me in paying for my college tuition next year. I will be attending Sam Houston State University and will be majoring in Agriculture Engineering and Technology. I chose my major as Agricultural Engineering Technology because of the opportunities it could bring me eventually fulfilling my life goals of being an engineering officer for the United States Army. Ever since I was a young boy, I have imagined being in the military, and this university is how I can thrive in this occupation of mine. To achieve this goal, I am preparing to join the SHSU ROTC program to ensure my spot as a second lieutenant in the Army and hopefully make a living where I can support my future family. After my time in the military I would like to earn a career in the construction management or construction safety industry.
