Description

Dear Buyers,

My name is Lauren Clearo. I'm a 7th grader at Barbers Hill Middle School South. I have chosen to show broilers this year, my first as a BH Junior FFA member. The year after my brother started showing I developed a passion for showing livestock. He would let me help him feed, water, and clean out the coop with him while explaining each process of showing broilers. This included culling the birds. I hope to learn more about showing animals in the future years. Thank you for your time.
