**Validation Tag or Show reference#** 54

**County** Chambers

**City** Wallisville

### **Description**

Hi! My name is Brinlee Willcox and I'm an 8th grader at Anahuac Middle School. I am a member of Anahuac Junior FFA. Showing at the Chambers County Youth Project Show for four years, I have loved the experiences and friendships I've made along the way! I look forward to many more shows and meeting many more people who share the love for showing and animals as much as I do. There has never been a show that I haven't made lots of memories, but I have also learned to be competitive in a healthy way. With showing I have grown to learn responsibility and hard work. Most importantly, I have learned good ethics and how to be a helping hand when my show friends need it most, or to even be a pick-me-up after a bad turnout at a show. This year, I have my goat, Curtis. I'm really sad to have to let him go, as I have spent so much time with him. There is never an animal that I don't love every minute spent with, knowing one day, he will have to go. Curtis is 111 pounds, sets up amazingly, has a really good posture and stance, and is very muscular. I believe it is safe to say he has been my best goat so far! However, I am sad I will have to miss this show, as I never

expectedd for it to happen. Most of all, I pray for the safety of you all, and your family. I thank God for giving me this opportunity, and thank you to everyone supporting us during this time.
