### **Description**

I am an 11th grader at Vidor High School. I have been showing animals since I was in 4th grade. I am very active in my church youth group and school sports, and love to be at the lake in my downtime.

This is my 10th pig to raise for show. She was easy to train but she also likes to get out to run and play. She LOVES baths! I got her at Halloween last year when she weighed around 35 pounds.

All money received from my project will go directly into my savings account for college. My goal is to go to Texas A&M to play baseball and to study Marine Biology. I

would like to work for Texas Parks and Wildlife at Sam Rayburn as a Marine Biologist.  
My ultimate dream is to dive with sharks and work restoring reefs.

Thank you

Bradley Cooper
