### **Description**

My name is Tristan Adams Fazzi, and I am 9 years old. My pig's name is Betty. She was bred and farrowed by my brother. I was able to help. My favorite part of raising a pig is training it. It is important to teach it how to walk and keep its head up. The thing I love most about Betty is that I can take naps with her in the grass.

**Quantity:** 233
