Description

Hi my name is Wyatt Applegate. My steers name is Blue. I have raised him since he was a baby. He has always been a good eater and keeps getting bigger and bigger. I have learned to be patient with him because he hates walking into our chute to get his bath. Sometimes he just stops and he is way too heavy for me to pull. I plan to save my money for college and maybe use some next year to go towards a truck. Thanks for looking at him. I hope he makes great steaks for you.

Quantity: 1367
