Description

I am 13 years old and going into 8th grade at Riverside Middle School in New Castle. This is my 2nd year doing 4-H, and raising swine has been a continuous learning experience, lots of hard work, and dedication, but in the end it has been worth it all! My pigs boast excellent health, and is being fed a well balanced diet to ensure the highest quality meat. I believe my pigs are from high quality breeders and will produce delicious and nutritious meat to feed any family.

Quantity: 264
