Date of Reported Weight 07/15/2024

EAR TAG# 521

Short Description Heavy Weight Division Reserve Champion

City Calhan

Breed Angus

Show Placing 2

Description

Hello, my name is Kaylie Zeiger, I am 14 years old, and this is my 6th year in 4-H, I am in the Calhan Ranch Hands 4-H club. I have 4 more years of school and when I graduate, I plan to go to college and get a degree in Agriculture. I love anything that involves animals. Right now, I have several hobbies not including 4-H, I play a lot of sports, I play Basketball, volleyball and I run track. Since I was younger, I have played basketball. I have fallen in love with this sport and decided that I was going to play it throughout my 12 years in school. When I was born, I was diagnosed with cystic

fibrosis also called Cf, it is lung disease that builds up mucus in your lungs and you also cant digest your own food, the doctors said that I should not be near dust or swamp coolers but that's kind of hard when you show livestock, so instead of the swamp cooler I have big Fans above my steers and little fans above my pigs. To make sure it stays cool in there I also wet the barn floor down. I also wet the pigs and mist the steers. And when it comes to dust and cleaning pens, I will have someone help me and if it gets too dusty, I will step out the barn for a little and do something else outside of the barn. now that you know a little about me let's move on to my animals!!!

This year I have 2 show steers, 1 pig, and 5 pygmy goats. I have shown steer for the past 4 years, steers are my favorite animal to show, my first year ever showing cattle I had a mini that I had named mini, mini was my best friend and hated my parents so I had to learn a lot on my own with a little help walking and learning how to rinse and wash, but then I went into full grown calf's, I love show calf's and don't know what I would do without them. this year I have 2 market steers named Duke and Ace, Duke is going to be around 1400 pounds at fair and ace will be around 1200 pounds to 1300 at fair, Duke is going to be a slick sheer calf which means I will shave his hair off before fair, but that's just because he does not have a lot of hair when he was born. Duke is a big steer but very friendly. He loves being washed and dried because it's like a massage for him. Ace does not like the wash rack and he will kick and move around a lot he just does groomed, as much but ace loves to walk on a halter he will walk anywhere with you no matter what. Both steers are getting 48 pounds morning and night of high noon steer feed, fresh water and hay every day, they also get rinsed or washed every day, but as it gets closer to fair it will be 2 times a day, both my steers also get washed every Sunday is I don't do it Sunday I do it Thursday. My steers stand tied in a barn with 2 big fans on them every day after getting rinsed so they can cool off and just stranded tied I will let them go after a few hours. I would change a few things about my steers, but I think they are still nice, and I will have a fun year at fair this year

If you would like to support me and my animals please join all the shows to see the animals in action with The swine show Tuesday July 16th at 6pm, the steer show Wednesday July 17th at 6pm, and Thursday the pygmy goat show at 9am, and if you would a like to think of buying animals the sale is on July 20th and you can come and talk to me in person before sale, the junior livestock sale starts at 1pm or if you can't make it to the sale you can log in to WWW.stockshowacutions.com or if you don't think you can buy my animal or you already bought animal you can also come and support me with an add on for next year's animals and feed. You can click on the link, press my name and then add on.
