County Garfield

City Rifle

Animal Weight (in Pounds) 268

Date of Reported Weight 07/23/2024

EAR TAG# 357

Show Placing 5th

Description

Hello, my name is Serena and I am a part of Country Roots 4-H club. I have been in 4-H for 7 years. I started off as a cloverbud and am now in the intermediate class. This is my second year doing market swine. I have worked hard to make sure my market swine are kept clean and healthy. I did this by making sure their nutritional needs are met, and training with them to show for fair. I made sure to dedicate many hours to raising my market swine, which results in healthy, well-maintained swine. This will leave you confident knowing the quality and care that has gone into raising the swine. Purchasing my swine will help me achieve my goals that I have set forth in 4-H, while thinking about my future education at this age.

Thank you for considering this opportunity to support me and my future by purchasing my market swine.

Quantity: 268
