Sex Gilt

Show Placing 1

Description

Great Hamp Cross - My top priority is providing a quality meat product!

She got fresh clean water in buckets that get cleaned whenever dirty. Currently, she is fed twice a day and is getting 16% MoorMan's feed and Groats that help with digestion and act as a filler. I

weighed her every Sunday. I walked her for about 25 minutes every day and walked her up and down our driveway to build stamina and muscle. I cleaned her pen twice a day at home and put more dirt in every other day to keep it dry and it also keeps the pigs cleaner. She got bathed on days that the weather is nice. I like to use baby shampoo because it is nice to the skin and Dawn dish soap for her white belt to make it get extra bright. Every other day she was brushed in with mineral oil which helps with dry skin and makes her look extra black.
