Short Description Northeast Texas Hog Hunt & Fishing Getaway

Donated By Various Donors

Description

Enjoy a 3-day, 2-night stay in the hidden oasis of Mt. Pleasant, Texas. Take a Friday afternoon tour of some of the world's most impressive industries, like Priefert Manufacturing.

Saturday morning, we will embark on the hidden gem of the Mid America Flight Museum, where there are over 40 WWII-era actively flying aircraft. From there, the rest of the day will be spent on the waters of Lake Bob Sandlin, where some of the best crappie and bass fishing known to man happens daily.

Saturday evening, a complimentary HeartBrand prime+ steak dinner and cocktails will be served by legendary storyteller C. Larry Cox at the Cox Ranch. At daylight, you join Wyatt Hinson & Justin Finney and their dogs to wrangle trophy-sized wild hogs in the thicket of Northeast Texas.

March is the best time to book to get the most out of the experience.
