County El Paso

City Colorado Springs

Animal Weight (in Pounds) 88

Date of Reported Weight 07/15/2024

Show Placing 2

Sex Wether

Description

Hello! My name is Luke Spurlock and this is my 5th year in 4-H. This is my 2nd year in the market goat project and I am so excited to show at the El Paso County Fair this year. My other 4H projects include .22 Pistol, .22 Rifle and Archery, all of which I have qualified for state competition in August.

This year I am selling my market goat named Dusty who has been a great goat all along. I decided that I wanted to be more competitive, so I spent a little more on this goat and worked much harder than I did last year by exercising him every other day. I

predict he will be between 90-95 pounds for fair, which is a good weight for a market goat.

Thank you for supporting 4-H and the El Paso County Fair!

Quantity: 1
