Animal Weight (in Pounds) 1242

Date of Reported Weight 07/15/2024

EAR TAG# 510

City Calhan

Show Placing 2

Description

Hello, My name is Cooper Spurlock and I have been in 4-H for 8 years now. I only have 2 more years in 4-H. It is going to be a sad day when i show and sell the last time. This year I have two steers and I have been showing steers for 4 years. I started with pigs when I was 8 and I stopped last year. This year was really exciting because this year I am showing one of my own home raised steers. His name is Carlos and this is the first year I have been able to show one of my own steers. There is a lot of show history in his family as well. His mom I showed as a heifer 2 years ago and then showed cow calf with them last year. His moms, mom was also a show calve as well. So there is a lot of history in the family. Finding another steer was rough. I bought one in October and he got sick with Pneumonia, so we treated him for it and then a few weeks later he got it

again. We had to have the vet out to see what was happening and we treated him again. He got sick on more time but with a heart disease, so we decided to put him down. I then started look for another one and found one that I liked. I bought him and Donald has been a great steer since the beginning. I really like him and his build. He sometimes gets an attitude, but other than that he is a champ. Donald is a black steer that love to be rinsed and walks. Carlos is a Charolais cross that is a Caramel color and loves to eat what ever is in front of him. Carlos and one of my dogs are best friends. Hondo, our dog, has been in Carlos's life since the day he was born and Hondo would walk up to Carlos and start licking his nose. Carlos then got use to it that he would lick Hondo's nose back. they just kept doing and Hondo made it a mission that every time he was out side he would go see Carlos.
