County ElPaso

City Colorado Springs

Animal Weight (in Pounds) 71

Date of Reported Weight 07/15/2024 Show Placing 3

First Name Brooklyn

Sex Doe

## Description

Hi, my name is Brooklyn Morgan. This is my first year in 4H. I am involved in market goats, dogs, and poultry. My market goat this year is a blackhead doe named Calliope. I have spent countless hours feeding, working, and getting to know my goat. Before I went to go pick her out, I had an idea of what I wanted. I wasn't quite sure about the structure, but I knew I wanted a black headed doe. many people had doubts about her at first, but with the help of show right feed and feeding her twice a day she started to have an amazing structure with a broad chest and great butt muscles. With placing high in many jackpots, she was proving people wrong. I have formed a pretty great

connection with her. She is always the first to meet us at the gate when we arrive and when she was little, she was a doe that would curl up in my lap, her favorite treat is Pineneedles. And she has opened up my goals and my eyes to so much in the future I would like to now on my own market, goat breeding facility, and show more kids what 4H is about.
