### **Description**

Hello! My name is Luke Schossow and this is my 4th year in 4-H. My project this year is Market Poultry, and I chose to raise Jumbo Cornish Hens. My favorite part of the project was getting the chicks and then watching them grow up.

In 4-H, I have learned how to be responsible, how to communicate with others, and confidence in showing my animals. I love spending time in the barn with all of my animals!

**Quantity:** 1
