Show Placing 1

Description

This year is my last year showing and I did a market heifer which is an angus cross. She is gorgeous and is a good meat product! Since this is my last year in 4-h and I graduated, I am now headed to the University of Wyoming to study agricultural education. I have been in 4-h for 10 years along with holding the positions of President, vice president, and treasurer within my 4-h clubs.

Quantity: 1
