**City** Colorado Springs

**Date of Reported Weight** 07/13/2024

**Short Description** Turkey

### **Description**

Hi,

This is my 4th year in the market poultry project. I was very excited when my turkeys placed 4th and 5th this year. I have been working hard this summer to put weight on my turkeys despite the heat. I had to cover the poultry run to give more shade and give them a rinse often to cool them down. I have been able to grow my poultry project every year because of participating in the market project. This year I was able to purchase Brahmas, Jersey Giants, and Lavender Orpingtons. I have wanted Brahmas for a long time, so I am excited to watch them all grow!

**Quantity:** 1
