Description

Hi I'm Spencer Lawson. I'm 16 years old and this is my 4th year showing market lambs through 4-H. This is my lamb, Lainey, and she comes from a very high-quality and respected sheep farm in Colorado. I have enjoyed working with her and better learning the science behind feeding my lamb and preparing her for market. My favorite part of the project is bonding with my lamb and helping her grow and become confident in the ring as we work together. I take pride in raising quality meat through daily feedings and care.

4-H has taught me a lot through the years and has given me many skills and knowledge that I can use on our family farm. I have grown as a leader and enjoy caring for and giving back to my community.

Thank you for taking the time to look at my project and to learn about my lamb. Lainey and I won 2nd place in our market class this week at county fair. I want to use my earnings through 4-H to help pay for future 4H projects and to also save for college. I'm interested in either aerospace or agriculture engineering. Thank you for the support.
