Description

We absolutely love 4575. His dam is my favorite goat on the place (shhh...don't tell the others I have a favorite)! This little guy has followed in her footsteps and is the perfect goat for someone who likes them friendly. He's still on the green side but will feed out beautifully. He is tubular, tall fronted, long bodied, level hiped and has that elusive shag. He's going to be a fun to work with and show,
