Description

Hi, my name is Gwen, and this is my 4th year doing a market turkey project for 4H. I raised broad-breasted white and broad-breasted bronze turkeys this year. I chose these birds because they put on weight fast. I really like how curious they can be!

I have learned a lot of valuable lessons while raising these turkeys. For example, it is important to monitor their weight and adjust their feed as needed. I now know that when my turkeys fight the best thing to do is to separate them for a day or two. It is also important to keep my turkeys cool because they eat less when they are hot.

When I am not working with my poultry, I like to read books. Right now, my favorite genres to read are fantasy and mystery.
