EAR TAG# FFA 192

Breed Crossbred

Sex Barrow

Description

Hello, my name is Katelyn Bullock, and this year represents the culmination of my journey in raising livestock—a passion that has guided my ambitions and future in agriculture. Having recently graduated from Southern High School, I'm currently serving as the Maryland FFA State Reporter during my gap year before I pursue dual degrees in food science and animal science at Oklahoma State University. Throughout my time in the Southern FFA Chapter, where I've served as an officer, and my earlier years in the Harwood 4-H Club, livestock has been at the heart of my experiences.

This year, I'm presenting a carefully selected group of animals, including a market steer, market swine, market goats, and a breeding gilt. And one of the pieces of my showcase is Squash, my crossbred market pig. From the moment I started working with Squash, I've focused on ensuring he reached his full potential through a dedicated nutrition, care, and training regimen. Crossbred pigs like Squash are prized for their robust health, efficient growth, and outstanding meat quality—traits that make him a top contender in any auction.

As I look ahead to my future studies, I'm contacting the community to help support my journey. By bidding on Squash or any of my other livestock, you'll be investing in the next generation of agriculture. The proceeds will directly fund my education at Oklahoma State, where I plan to build on my food science and agriculture foundation to make a lasting impact in the field. I invite you to participate in this exciting chapter by placing your bid today. Together, we can cultivate the future of agriculture, one animal at a time.

Quantity: 267
