### Description

Hello Everyone, My name is Cyani known as Cece. I am blessed and highly favored to be a student of James Madison High School Agriscience Magnet Program. This is my second year raising my market livestock projects. This year I was honored to raise my sweet girl buttercup. Buttercup is the sweetest, chunkiest, and most loving red Duroc you'd ever know. She loves belly rubs, back scratches, and she loves her ears to be played with! Buttercup also has a long thick coat of glistening hair. FYI she's very spoiled. One day I inspire myself as a black girl to become the best veterinarian to the loveliest animals I dream to be.
