**City** San Antonio

**Breed** Limosine/ Exotic

**Show Placing** Grand Champion

### **Description**

My name is Jada Murphey. I am a junior this year and apart of the James Madison ffa/ agriculture program and this will be my 2nd year showing steers and pigs. I recently won overall grand champion at the Bexar County Jr. Livestock Show with my steer project! It has been a rewarding journey, filled with countless hours of dedication and hard work, and I couldn't be more grateful for the experience. This project represents not just my commitment to agriculture, but also the many life lessons I've learned along the way.

In addition to raising my steer, I also enjoy showing pigs—this year I'm proud to be working with a cross gilt and a Chester gilt who is part of my calf scramble project .Beyond the livestock show ring, I am honored to be part of the first all-girls team to win at Nationals for BBQ this past June, and I am also deeply committed to raising guide dogs for individuals who are visually impaired. My sophomore year I raised a black lab named Gunther who a year later, after I was complete with his training. became a guide dog for someone who was visually impaired . I will continue to raise until I graduate or longer .These activities have taught me the importance of responsibility, perseverance, and community, and they continue to shape who I am today.

Your support at the auction would mean so much to me and help further my passion for agriculture and service. Thank you for considering this opportunity to invest in youth and celebrate hard work.
