Show Placing Breed Champion

Special Placing Swine Champion Showmanship

Description

Hi my name is Chloe and I am currently a Junior at James Madison High School. I am honored to be a student of the Agriscience Magnet Program and a member of the James Madison FFA Chapter. This is my third year raising prized swine and showing my market livestock projects. This year, my three healthy and adorable market swine projects are Oreo, Sexxy Red and Reba. Presently, 2 out of the 3 have successfully placed in multiple livestock shows. Oreo is a stunning cross gilt that is always complemented for her thick tree trunk legs. Oreo has strong feminine features. She loves sniffing you, getting belly rubs and her favorite treat is a strawberry yogurt. Sexxy Red on the other hand is a beautiful red Duroc. She has super long hair and an amazing attitude. My newest addition to the pig family is Reba she is a baby so I haven't quite got to take her to a show yet but she has a spunky attitude and I already love her so much. All of them are the loudest swine in the barn. Their favorite thing to do is probably eat. My love for all animals and aspirations to be a Veterinarian makes those tough, dirty, exhausting and smelly days easier when in the company of my

livestock and it inspires me to great pride in caring for them. My dedication and hard work has me a valuable member of the livestock team .
