### **Description**

My name is Adisyn Howard and I am a Senior and I plan to pursue a career in agriculture. I love showing livestock. I have been showing for 7 years, I am sad it is my last year, but I have made some great memories. My steer is a black Cross named Bentley. He enjoys roaming in the field and eating grass and laying in the sun. Most of all he loves eating hay. He is very sweet and I have really enjoyed all my time I've got to spend with him.

**Quantity:** 1
