City Beaumont

Breed Brangus

Description

My steer Dega and I have had a really good year so far, and sadly, it is coming to an end. He has been the definition of a big teddy bear from the very start. I've loved every minute with him, especially at each show I took him to. He has won me the most awards and has gotten me several first-time experiences. I greatly appreciate anyone who bids on my steer. Whatever money I win will go toward any projects I end up getting. I also greatly appreciate any add-ons.

Quantity: 1
