Show Placing 2nd in Class

Description

Hey y'all! My name is Kailyn Hicks and I am currently a sophomore at Lumberton High School. This steer is my first project ever and this year has been full of many new experiences, people, and life lessons. I have had the best support team, including my family, friends, and breeder. Throughout this past year, I have learned many things about myself and the livestock/agriculture business. Any money I make from this project will go toward the purchase and raising of my next steer. Add-ons are greatly appreciated and a thank you in advance to anybody who decides to support me and my future endeavors.

Quantity: 1
