### **Description**

Hi, my name is Emmalyn Bass and I am 15 years old and I have been showing livestock since I was 8. My steer's name this year is Flynn. He has been loved from day one. He has been happy with grazing all year long and has been fed the best feed everyday working to produce the top of the line balance of fat and muscle. Flynn has represented me well this past year in all the small jackpot shows we have attended. My passion is anything with animals. I LOVE cattle. From raising Flynn, working with him, bathing him and spoiling him. Some of my hobbies also include training dogs and crafting. Being in FFA/4H has taught me a lot of responsibility and to always have patience. Through this entire journey with my steer Flynn I have learned to set goals, work hard and achieve them! Thank you for your consideration in bidding or placing

Add-Ons for this amazing steer Flynn and I appreciate it very much. I know you would be getting one of the best!
