Description

My name is Gavan Dupre and I am a Senior at Nederland High School. I have been involved in FFA since I was in the fourth grade. Year after year as I would sell my animals, I would put some money away for college, but the rest would be used to purchase the next year's animals, feed, vet bills, etc. Since this is my final year, all money I earn will be going straight to college. I have made countless memories, and learned so many life lessons over the past 9 years. I will miss my time in the barn, but I am looking forward to my next chapter. Your support is greatly appreciated.

Quantity: 1
