FFA Chapter or 4H Club Name Ripon FFA

Validation Tag or Show reference# 318

County San Joaquin

Animal Weight (in Pounds) 1215

Date of Reported Weight 06/12/2020

City Ripon

Description

This steer is a Maine Anjou and Charolais cross. In early October I purchased him from a cattle breeder in Dos Palos. In November we went to the Autumn Classic and placed second in our class. From day one I implemented a schedule that involved rinsing, washing, and daily showmanship practice this helped create a bond. During the winter the barn had a major break out of ringworm as well as a variety of respiratory issues. I learned how to medically care for my animal. Overall this experience taught me time management, working efficiently, responsibility, and helped develop a stronger work ethic. He placed third in his class of five. We also entered the costume contest as a mobile milkshake steer. I am grateful to have been given this opportunity to show and care for this large of an animal. The money generated from this project will go to my next steer.

Quantity: 1
